## Welcome to St Anthony's Residential Home

St Anthony's is located on the border of Erdington and Wylde Green, Sutton Coldfield. The home is situated in a central location, close to all local amenities. St Anthony's is a large modern house with attractive landscaped gardens at the rear.

All bedrooms are spacious and well equipped and have been designed to ensure the service user feels at home in the warm and comfortable settings. Residents are encouraged to bring personal items with them to promote an atmosphere of familiarity.

We understand that choosing the right care home is a big decision and one that should be made with assistance from relatives and loved-ones. We encourage prospective residents to visit with the help of family members to ensure they will feel comfortable in our home.

At St Anthony's we are committed to providing the highest standard of care. The dignity of our residents is a priority to us, the care we administer is always carried out with respect, compassion and understanding.

## Facilities and Activities

At St Anthony's we believe that providing our residents with a variety of facilities, activities and services is an important part of caring. We have our very own Activities Co-Ordinator who arranges a diverse schedule of activities - from karaoke and visiting entertainers to arts and crafts and gardening. Our goal is to ensure that all our residents feel fulfilled so we listen to all suggestions and encourage our residents to get involved in as much or as little of our activities programme as they wish.

Our hairdresser visits regularly, allowing our residents to enjoy a bit of pampering. We also provide physiotherapy sessions along with a keep fit instructor who visits weekly for residents who might benefit from this service.

St Anthony's Residential Home has 33 single and 3 shared rooms, the majority of which have en-suite, wet room facilities. All rooms are comfortable and we encourage our residents to bring items of small furniture to decorate their rooms to make them feel like home. We have a good range of communal spaces to enjoy with 4 lounges, 2 dining rooms and also a large, heated conservatory used all year round. Whether our residents wish to read a book in quiet, watch television or arrange a private visit with family or friends, St Anthony's can accommodate.

With friendly, well-trained staff, great facilities and a philosophy of care that centres on dignity, independence and respect for all our residents, St Anthony's prides itself on providing quality care to the elderly.
